

MAYUR JADHAV

B.TECH GRADUATE – COMPUTER ENGINEERING

CONTACT

- +91 77388 67566
- thisismayur18@gmail.com
- Mumbai, Maharashtra
- linkedin.com/in/mayur-jadhav

SKILLS

- Programming: Java, Python, C
- Web Development: HTML, CSS, JavaScript, React , Node.js ,Next.js
- Backend & Database: SQL, PostgreSQL, REST APIs
- Tools: Git, GitHub, VS Code, Eclipse
- Soft Skills: Communication, Teamwork, Problem-solving, Adaptability

EDUCATION

- 2024-2028
Vidyalankar Institute of Technology
• B.Tech in Computer Engineering
- 2023- 2024
• HSC (12th) – 77%
- 2021-2022
• SSC(10th)– 88%

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Marathi (Native)

PROFILE

Motivated and detail-oriented B.Tech graduate in Computer Engineering with a strong foundation in web development, programming, and problem-solving. Passionate about building scalable web applications and applying technical knowledge to real-world software solutions. Seeking an entry-level role where I can contribute to impactful projects, grow professionally, and continuously enhance my technical skill

PROJECTS / ACADEMIC WORK

- 1. **Web-Based Student Task Management System**
 - Developed a full-stack web application to manage student tasks and deadlines.
 - Implemented authentication, task CRUD operations, and database integration.
 - Focused on clean UI design and efficient backend logic.
- 2. **Full-Stack Web Applications (Academic & Self Projects)**
 - Built responsive web applications using modern frontend and backend technologies.
 - Worked with APIs, databases, and version control (Git/GitHub).
 - Followed best practices for code structure and maintainability.

CERTIFICATIONS

- NPTEL Certificate in Programming in Java
- Web Development (HTML, CSS, JavaScript) – Coursework / Self Learning
- SQL & Database Management (PostgreSQL) – Practice Based
- Soft Skills Development – Coursera

ACHIEVEMENTS & EXTRACURRICULARS

- Maintained an overall CGPA of 9.95 in the B.Tech Computer Engineering program.
- Awarded a Full Stack Web Development Internship Certificate after successful completion of hands-on training at Internshala Trainings.
- Winner of a college-level hackathon, where I collaborated in a team to design and develop a functional software solution under time constraints.

PROGRAMMING LANGUAGES

- 1.] C – Fundamentals of procedural programming and problem solving.
- 2.] Java – Object-oriented programming and basic application development.
- 3.] Python – Scripting, automation, and data handling.
- 4.] JavaScript – Web development and interactive front-end scripting.
- 5.] SQL – Database management and query writing.
